

Technical Information

Predator # PMF40L-BHD is a premium quality, high-capacity maintenance-free battery with bottom hold-down ledges as required for the popular Kia Picanto range.

Premium component selection including thicker, fully-framed plates and advanced silver-calcium chemistry combine to deliver the high levels of performance and reliability expected for modern automotive applications.

Features and Benefits include:

- Maintenance-Free construction in serviceable casing
- Thicker, stronger fully-framed plates – Positive & Negative
- Silver-Calcium Grids – highly resistant to heat and corrosion
- High Tin content improves charge acceptance and cyclic durability
- Side Hold-Down Ledges as required for Kia Picanto

Applications

Kia Picanto 2016-on

High-performance replacement for NS40ZL
