

Technical Information

The Hardcore HCC27AGM is a high performance, severe duty battery designed to provide dependable power in the most demanding conditions. It is highly vibration resistant thanks to the compressed AGM construction and is suitable for starting applications where some cycling ability is also required.

The HCC27AGM is manufactured by one of South Korea’s premium manufacturers and features advanced technology to ensure it will deliver years of reliable starting power.

Features & Benefits

- Full Frame stamped grids
- Advanced AGM construction
- Carbon-Plus plate technology
- Highest vibration resistance
- Non spillable design
- High cranking power

Applications

- Passenger, SUV & 4WD
- Commercial & Marine
- Mining & Industrial
- Farming & Agriculture
