KBAXS46B24L

Case size: JIS B24

The KOBA KBAXS46B24L is an Absorbent Glass Mat (AGM) battery capable of delivering the highest performance in demanding conditions. This battery has been designed to support the high power demands including prestige passenger vehicles and vehicles fitted with Idle Stop Start (ISS) technology. The AGM design is highly resistant to vibration and will deliver a significantly longer service life when compared to a conventional flooded battery.

- Designed for ISS technology & high performance applications
- Non spillable, valve regulated design
- Significantly longer cycle life compared to flooded Batteries
- Superior vibration resistance
- Low self-discharge

Product details

- 12V Absorbent Glass Mat Battery
- Suitable for ISS (Idle Stop Start) applications
- Assembly - RH Positive [- +]
- Voltage [V] - 12
- Battery Type - AGM Battery Maintenance free
- Cold Cranking Amps [A] - 370
- Battery Capacity [Ah] - 45
- Reserve Capacity [min.] - 0
- Length [mm] - 236
- Width [mm] - 127
- Height [mm] - 224
- Terminal Type - JIS
